# The Wizard of OZ

The title 'The Wizard of Oz' is rendered in a large, yellow, 3D-style font. The letter 'O' in 'OZ' is a large circle that serves as a frame for a small image. The image inside the circle shows the silhouettes of Dorothy, the Scarecrow, the Tin Man, and the Cowardly Lion walking along the Yellow Brick Road, with the Emerald City spire visible in the background under a cloudy sky.

Click your heels together as you experience one of the most famous stories of all time come to life on our stage. Based on the classic MGM movie musical and the book by L. Frank Baum, *The Wizard of Oz* has been enchanting families for generations. With all your favorite songs, including “We’re Off to See the Wizard,” “If I Only had a Brain,” and “Somewhere Over the Rainbow,” this timeless musical will sweep you out of Kitsap and into a magical adventure.

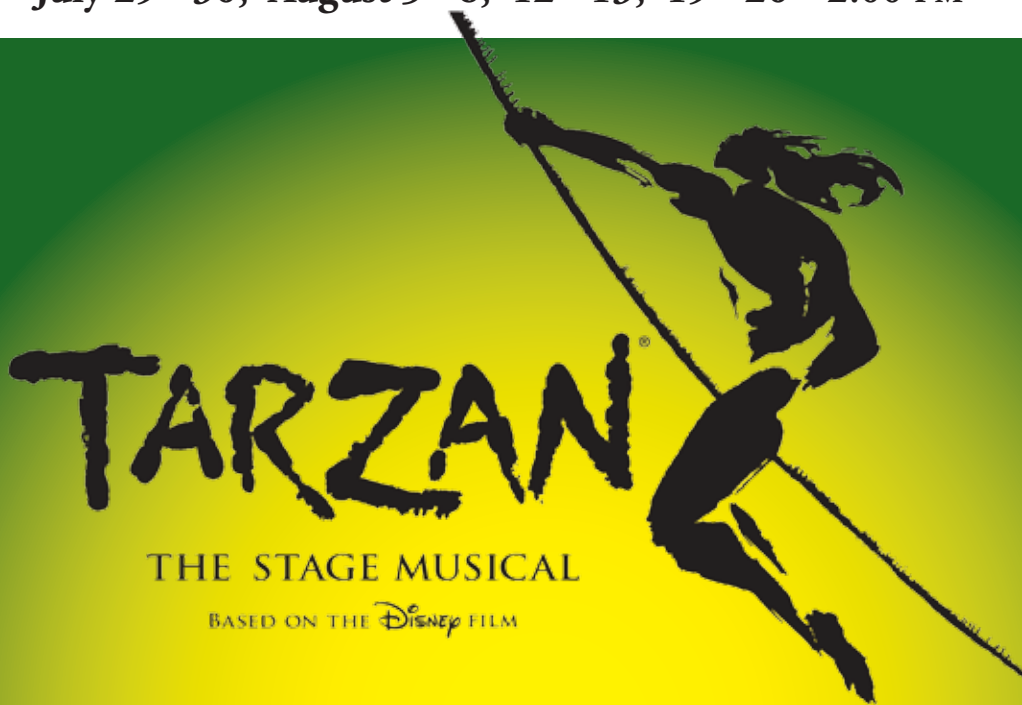

Follow the yellow brick road and join Dorothy, her little dog Toto, the Scarecrow, Tin Man and Lion as they journey over the rainbow to the merry old land of Oz in search of the great and powerful Wizard – will he grant them their hearts’ desires? Watch out for the Wicked Witch of the West and her winged monkeys as you rediscover this fantastic musical treat for the whole family, and be alert for some surprises.

## Summer 2017

July 29 - 30, August 5 - 6, 12 - 13, 19 - 20 • 2:00 PM

Based on Disney's epic animated musical adventure and Edgar Rice Burrough's *Tarzan of the Apes*, *Tarzan* features heart-pumping music by rock legend, Phil Collins, and a book by Tony Award-winning playwright, David Henry Hwang. High-flying excitement and hits, like the Academy Award winning "You'll Be in My Heart," as well as "Stranger Like Me" and "Two Worlds," make *Tarzan* an unforgettable theatrical experience.

Washed up on the shores of West Africa, an infant boy is taken in and raised by gorillas who name him Tarzan. Apart from striving for acceptance from his ape father, Tarzan's life is spent learning the ways of the jungle until a human expedition treks into his tribe's territory. After befriending the young naturalist, Jane, Tarzan struggles to navigate between two worlds. As he finds his animal upbringing clashing with his human instincts, he ultimately must choose to which world he truly belongs.
